Logger's Building Completed

Logger athletes are celebrating. The Loggers United Booster Club's new sports equipment building located at Phillips Senior High School's track, field, and ball diamond complex (pictured below) is finished. The building and other improvements make the athletic field more suitable to host out-of-town tournaments, stimulating the local economy. The building was made possible through fundraising efforts of the Booster Club, donations received from friends and families, and a \$25,000 charitable contribution made by Prevail Bank.

Prevail Bank is a federally chartered savings bank founded in 1934 with locations in Baraboo, Eau Claire, Marshfield, Medford, Owen, Phillips, Stevens Point, Wausau and Wisconsin Rapids.
