## Prevail Bank supports Evolving Wellness' Safe Haven Program with \$3,000 donation

(Eau Claire) Prevail Bank proudly donated \$3,000 to support Evolving Wellness' Safe Haven Program, a free, 52-week curriculum dedicated to addressing critical teen issues such as depression, coping mechanisms, addiction, relationships, and self-doubt. Open to all teens aged 12 to 18 in Eau Claire County, the program fosters connection, resilience, and emotional growth through group sessions, games, and shared meals.

The Safe Haven facility opens its doors daily at 3:00 PM, providing a welcoming space for teens, with professionally facilitated discussions beginning at 5:30 PM.

This donation is part of Prevail Bank's [Charitable Contributions program](#), which focuses on supporting non-profits that uplift low-to-moderate income households, stimulate economic growth, promote financial literacy, and enhance the quality of life for underserved individuals in the communities Prevail Bank serves.

Safe Haven advocates (left to right) Nevaeh, Sio, Niko, and Laura Berndt - Evolving Wellness Director accepted the check from Prevail Bank professionals Andrew Balthazor, Branch Manager; and Nick White, Commercial Lending Officer. For more information about Evolving Wellness and the Safe Haven Program, visit [evolvingwellness.org](http://evolvingwellness.org) or call 715-514-4233.
